OUR TEAM

The Airlec team is comprised of qualified and highly experienced Northern Territory licenced electricians and refrigeration technicians. We are committed to the training and development of our staff and support apprenticeships, accredited tickets and on-the-job training.

Airlec supports Indigenous development within our industry and the Northern Territory. We are committed to Indigenous employment and training and maintain a large stakeholder network inclusive of registered training organisations, labour providers and community organisations to help us achieve our goals.

Director, Rankin Kunde, is a Ngangiwumurri Aboriginal man with deep ties to the Peppimenarti region. With a wealth of trade knowledge and experience working in both regional and urban areas, Rankin guides the team of tradespeople, apprentices, trade assistants and administration to share his objectives of Indigenous engagement as a core business practice.

With over 30 years' trade industry experience and over 15 years' leadership and business knowledge, Rankin steers the business to deliver quality customer service while maintaining high quality standards.
